

Frame.io Setup Checklist

Social & Web Command — CTI Group Worldwide Services, Inc.

This checklist creates the brand folder structure in Frame.io so the Social & Web Command hub can index past YouTube masters, promo edits, and archived footage in one organized place. Estimated time: **10 minutes**.

Before you start

- ☐ Log in at **app.frame.io** with the CTI Group Worldwide team account.
- ☐ Confirm you have **Admin** or **Team Member** role (required to create projects).
- ☐ If a project named **CTI Group Worldwide** does not exist, click **+ New Project** and create it.

The structure you are building

Inside the **CTI Group Worldwide** project, create six brand folders. Inside each brand folder, create three subfolders. Total: 6 folders + 18 subfolders.

	01 · J1 Division J-1 visa sponsorship and exchange program content	_Active_Edits / _Approved_Masters / _Archive_2023-2024
	02 · UNO (Uniforms Number One) Hospitality, marine, and corporate uniform line	_Active_Edits / _Approved_Masters / _Archive_2023-2024
	03 · Baron Promotions Promotional products and trade-show services	_Active_Edits / _Approved_Masters / _Archive_2023-2024
	04 · CTI Marine Travel Cruise crew recruitment and travel logistics	_Active_Edits / _Approved_Masters / _Archive_2023-2024
	05 · CTI Group Corporate brand and umbrella entity	_Active_Edits / _Approved_Masters / _Archive_2023-2024
	06 · CTI Properties Real estate, dormitory, and tenant operations	_Active_Edits / _Approved_Masters / _Archive_2023-2024

Step-by-step (per brand)

Repeat the following five steps once per brand. Frame.io's **+ New Folder** button lives in the top-right of every project view.

1. Open the **CTI Group Worldwide** project.
2. Click **+ New Folder** in the top-right. Name it exactly as shown in the table above (for example, *01 · J1 Division*). Press Enter.
3. Double-click the new folder to open it.

4. Click **+ New Folder** three times to create the three subfolders: *_Active_Edits*, *_Approved_Masters*, and *_Archive_2023-2024*.
5. Click the back arrow to return to the project root, then repeat for the next brand.

Brand-by-brand checklist

Tick each box as you finish. When all 24 boxes are checked, the Frame.io structure is complete.

■ 01 · J1 Division

- ☐ Created top-level folder 01 · J1 Division
- ☐ Created subfolder _Active_Edits
- ☐ Created subfolder _Approved_Masters
- ☐ Created subfolder _Archive_2023-2024

■ 02 · UNO (Uniforms Number One)

- ☐ Created top-level folder 02 · UNO (Uniforms Number One)
- ☐ Created subfolder _Active_Edits
- ☐ Created subfolder _Approved_Masters
- ☐ Created subfolder _Archive_2023-2024

■ 03 · Baron Promotions

- ☐ Created top-level folder 03 · Baron Promotions
- ☐ Created subfolder _Active_Edits
- ☐ Created subfolder _Approved_Masters
- ☐ Created subfolder _Archive_2023-2024

■ 04 · CTI Marine Travel

- ☐ Created top-level folder 04 · CTI Marine Travel
- ☐ Created subfolder _Active_Edits
- ☐ Created subfolder _Approved_Masters
- ☐ Created subfolder _Archive_2023-2024

■ 05 · CTI Group

- ☐ Created top-level folder 05 · CTI Group
- ☐ Created subfolder _Active_Edits
- ☐ Created subfolder _Approved_Masters
- ☐ Created subfolder _Archive_2023-2024

■ 06 · CTI Properties

- ☐ Created top-level folder 06 · CTI Properties
- ☐ Created subfolder _Active_Edits
- ☐ Created subfolder _Approved_Masters
- ☐ Created subfolder _Archive_2023-2024

After you finish

1. Open the Social & Web Command hub and click **Settings** → **Frame.io** → **Connect**.
2. Paste your Frame.io developer token (get one at developer.frame.io/app/tokens) and click **Save**.
3. Open **Library / Videos** in the hub. Frame.io assets will appear with their brand badge and a clickable link back to Frame.io.
4. Move existing YouTube masters and promo files into the matching **_Archive_2023-2024** folders so the hub picks them up.
